

# Good Time Party Rentals Tent Policies

Good Time Party Rentals requires all staked tents have underground locates completed prior to any and all tent setups. **All locates are only valid for 14-30 days.**

Please see below for the necessary steps to complete the underground locates.

1. Please call **Utility Safety Partners 1-800-242-3447** or <https://utilitysafety.ca/>

From Utility Safety Partners' Website: A locate request submitted on this site will automatically notify the affected utility members based on the dig site area drawn by the user. A copy of your ticket will be emailed to you.

**\*\*Attention Acreage Owners:** Please note Utility Safety Partners will only locate the utilities registered with them. Please plan for locating privately owned and customer owned buried utilities. This is in addition to locating any utilities owned by Utility Safety Partners' members.

The utility company does not own these lines and therefore does not have any information about their location.

2. Secondary utilities will not be included in the report. This can include:

- Privately installed lines (e.g. power from your house to your garage).
- Secondary lines (e.g. electrical lines past the meter).
- Customer-owned utilities (e.g. water and sewer lines are the responsibility of the property owner past the shutoff valve at the property line).
- Irrigation systems will not be located (these must be marked by the property owner)

If this is the case it is up to the customer to contact a secondary line locator. This is a chargeable service and is independent from Good Time Party Rentals.

Private Locators Available for Hire:

- The Utility Locators 403-863-2473, <http://www.theutilitylocators.com/>
- Tracker Locating 403-288-1196, <https://www.trackerlocating.com/>
- Canadian Locators 1 866 892 6337, <https://www.canadianlocators.com/>
- Rogers/Shaw Cable is not included in Alberta One Call – you must contact Shaw Directly 1-866-DIGSHAW (1-866-344-7429) <https://digshaw.ca/>

**We are not allowed to setup your tent until all utilities have been located, including any privately owned utilities.**

**\*\*ONCE LOCATES ARE COMPLETE PLEASE SEND A DIGITAL COPY TO US AND KEEP ORIGINALS ON SITE.**

**PLEASE ENSURE ALL FLAGS AND PAINT MARKINGS REMAIN IN THE AREA OF WHERE THE TENT IS TO BE STAKED/SETUP.**

**\*\***

If this is not completed prior to setup we reserve the right to cancel or postpone setup due to safety reasons. I have read and understood what needs to be completed prior to the setup date of my tent.

**BY ACCEPTING THIS DOCUMENT, YOU AGREE TO THE ABOVE TERMS AND SERVICES**
