# Reservation Policies

A contract will be considered completed and reserved once we have received a credit card for security, a signed contract and signed reservation policies, along with a 50% deposit to secure the rentals (for non-account holders). For account holders, a contract will be considered completed and reserved once we receive the signed contract and reservation policies. Without the above signed documents and deposit the rental items will be considered available for other customers to rent.

Please note that all rentals are subject to availability at the time of booking. Quotes are not considered booked orders. Additionally, rental prices are subject to change without notice.

Posted pricing is based on a one-day use, and multi day use will be subject to additional charges. Please confirm that the pricing is correct and accurate before taking possession of the rental items. This includes verifying any applicable fees, taxes, and surcharges that may apply to your rental.

**Deposits:** A 50% deposit is due at the time of booking for all orders. All remaining balances are due 2-3 days prior to delivery or at the time of customer pick up.

**Cancellations:** Rental deposits will only be refunded if equipment is cancelled 2 or more weeks prior to delivery or customer pick up date, (excluding Stampede week orders). Tent cancellations during peak season (June-August) will be charged a 20% cancellation fee (excluding Stampede week orders).

**Stampede Week Deposits:** All orders placed during Stampede require a 50% NON-REFUNDABLE deposit at the time of booking. Deposits will not be returned in the event of cancellation. Account holders will be invoiced for 50% of the rental items.

To avoid any issues, we ask that you inspect all equipment upon receiving it, this includes at the time of customer pick up, or at the time of delivery. If any equipment is found to be damaged, please inform our office within 24 hours of receipt. Please note that we cannot accept any disputes regarding quantity after the event.

It is the customer's responsibility to ensure that all rentals are packaged in their original crates and cartons, and ready for pick up at the scheduled time. If this is not the case, additional pick-up charges may be imposed to cover labour and other expenses.

\*Please be advised that refunds will not be issued for unused rentals upon return. \*

**Damage Protection Option:** A 10% damage protection charge will automatically be added to your contract (unless declined).

Damage protection will cover the first \$100.00 of broken or damaged equipment and 50% of any additional damage or breakage. The remaining 50% will be the customer's responsibility.

If the damage protection is declined the customer is responsible of the full cost of replacement, and or fixing of the equipment.

**Delivery and Pick-up:** Additional fees will be charged for specific delivery and pickup times, as well as for items that require transportation beyond minimal distances and for those that involve stairs or elevators. Additional fees may apply for challenging delivery access, or long distances. In the event of repeated delivery or pick-up attempts, extra charges may be incurred.

Additional fees will apply to orders requiring before/after-hours delivery and/or pick up. Please call for pricing details.

Pricing for out of town services varies based on mileage and crew requirements. Please contact us for further pricing information.
